Competition Level Divisions

GroomTeam Sanctioned Class rules will apply to all levels with the following exception:

ONLY Entry Division may use clippers, scissors and thinning shears when the bodywork is typically hand stripped and/or carded for the show ring in the sporting class and the wire coat class. The contest time will be reduced by 15 minutes.

WPA shows are GroomTeam sanctioned. Open Division is the only GroomTeam Sanctioned competition where GroomTeam awards points to the Open Division placements only. These shows are Three-Tiered, Multi-Division competitions. Intermediate Division and Entry Division compete simultaneously for the titles of 1st, 2nd and 3rd in each division. Winners from each division then compete against each other for Group placements. Group placements are calculated to determine the Best All Around Pet Stylist in Show. 1st place from every Group will then compete for Best Pet Stylist in Show. Group placements, Best Pet Stylist in Show and Best All Around Pet Stylist in Show, are from the four regular classes.

Divisions:

Open: (GroomTeam Points) Open to all Competitors/Stylists/Professional groomers. A contestant placing and defeating someone in open division at any show is prohibited from competing in intermediate or entry division.

Intermediate: Restricted to competitors who have not won:

- Two Best in Show or two Best All Around groomer titles from the intermediate division at any show.
- OR three 1st placements from the intermediate division at any show. A minimum of two contestants must be entered and judged for class first to be considered in level advancement protocols.
- OR three Group placements from a tiered show.

Entry: Restricted to competitors who have never competed, or who have not won:

- A Best in Show or Best All Around Groomer Title from any division at any Grooming show
- Or three 1st placements from the Entry Division at any Grooming show. A minimum of two contestants must be entered and judged for class first to be considered in level advancement protocols
- Or one Group placement from a Grooming show
- Owners, handlers, or breeders who have “finished a Champion,” instructors, pet styling contest judges, and certifiers must compete in either the Intermediate or Open Division.

- A contestant placing and defeating someone in intermediate division at any show is prohibited from competing in entry division.

For all Classes: Ring opens at least 15 minutes prior to prejudge, contestants must be present for prejudging or they will not be permitted to compete. Check contest schedule for times.

Coat Growth: Six weeks or more coat growth is recommended; however, as some dogs grow coat more quickly than others, adequate coat growth is defined as enough coat to make a distinct change in the dog's appearance. Rolled or rotated coats are permitted in the hand stripped breeds, but must be adequate to make a distinct change in the dog's appearance.

Contest Dog Preparation: Prior to competition start, the dog's coat should be clean, dry and free of mats, and the nails should be clipped and/or filed and ears cleaned. Sanitary area and foot pads may be trimmed. Coloring, other than to enhance the natural color of the coat is prohibited; only non-toxic color and products may be used.

Products and Product Application: Chalk may be applied prior to or during the completion time period to aid in hand stripping or enhance coat color. It should be used sparingly and should not rub off on the judge's hands. It is prohibited to apply any products once each contest finish time is called. Hair sprays, finishing sprays and gels may be applied during the competition time period. Once time is called, sprays are limited to minor application. Re-shaping, such as the marcelled Kerry Blue coat or spray-up of the show Poodle headpiece is prohibited.

Decorative Objects and Wigs: Hair extensions of the same coat color of the dog may be applied before the time period of the competition. Decorative objects such as bows and scarves are prohibited.

Contest Dog Qualifications: The competition dog must be: Current on vaccinations as required by law, age appropriate for competition, (recommendation is between the ages of 1 and 10 years), appear healthy, free of disease, open wounds, injuries and parasites, must not show obvious signs of pregnancy or nursing, must not show signs of aggression or viciousness, must be leashed when not crated or not being groomed and must never be left unattended.

Pre-Judging: Prior to the contest start, Judges will evaluate the dogs during pre-judging to confirm the following: dog is entered in the correct class, the allotted time for the breed, groomer is entered in the correct division, and there is sufficient coat growth, preparation, and suitability of dog for competition. Judge will make notation of specific information supplied by the contestant such as missing coat, scars, warts, healing injuries, etc.

Contest End: Contestants should clear table of hair, tools and equipment and place a comb on the table and then stack and present their dog to the judge.

Final Judging: Judge will evaluate the following: Balance, symmetry, uniformity and style of the trim. Purebred dogs must adhere to breed profile and standard. For scissored dogs, the plush overall appearance is to be without scissor marks, unevenness or unintended protruding coat. For Hand stripped and/or carded dogs, the proper technique is to achieve a smooth and natural appearance. Clipper work should be smooth and free of irritation. Edges such as the feet of the Cocker or Poodle should show tidy bevels. Judging applies to the difficulty with regard to the amount of coat removed, whether a pattern is created or followed, difficulty of the coat type, texture, quality and quantity, as well as the difficulty with regard to correcting conformation faults and accentuating profile attributes.

Competitor Protocol: Appropriate grooming attire and shoes should be worn at all times, (low cut shirts or pants, tight shorts or very short skirts and flip flops are considered inappropriate). Contestants attire that management determines to be inappropriately dressed will not be permitted to compete. Consider the dog's color when choosing competitor's attire. Professional manner, attitude and good sportsmanship must be practiced at all times. These attributes are displayed when a competitor respects fellow competitors, judges, and the contest dogs. Professional conduct is also carried into the care of the contest dogs, and respect for hotel, grounds, rooms and property.

Application of Professional Skills: Contestants must maintain a safe styling station at all times, (open scissors left on the table for the dog to step on is an example of an unsafe styling station,) practice safe handling techniques at all times, apply technical skills with safety.
